

Sheet 1

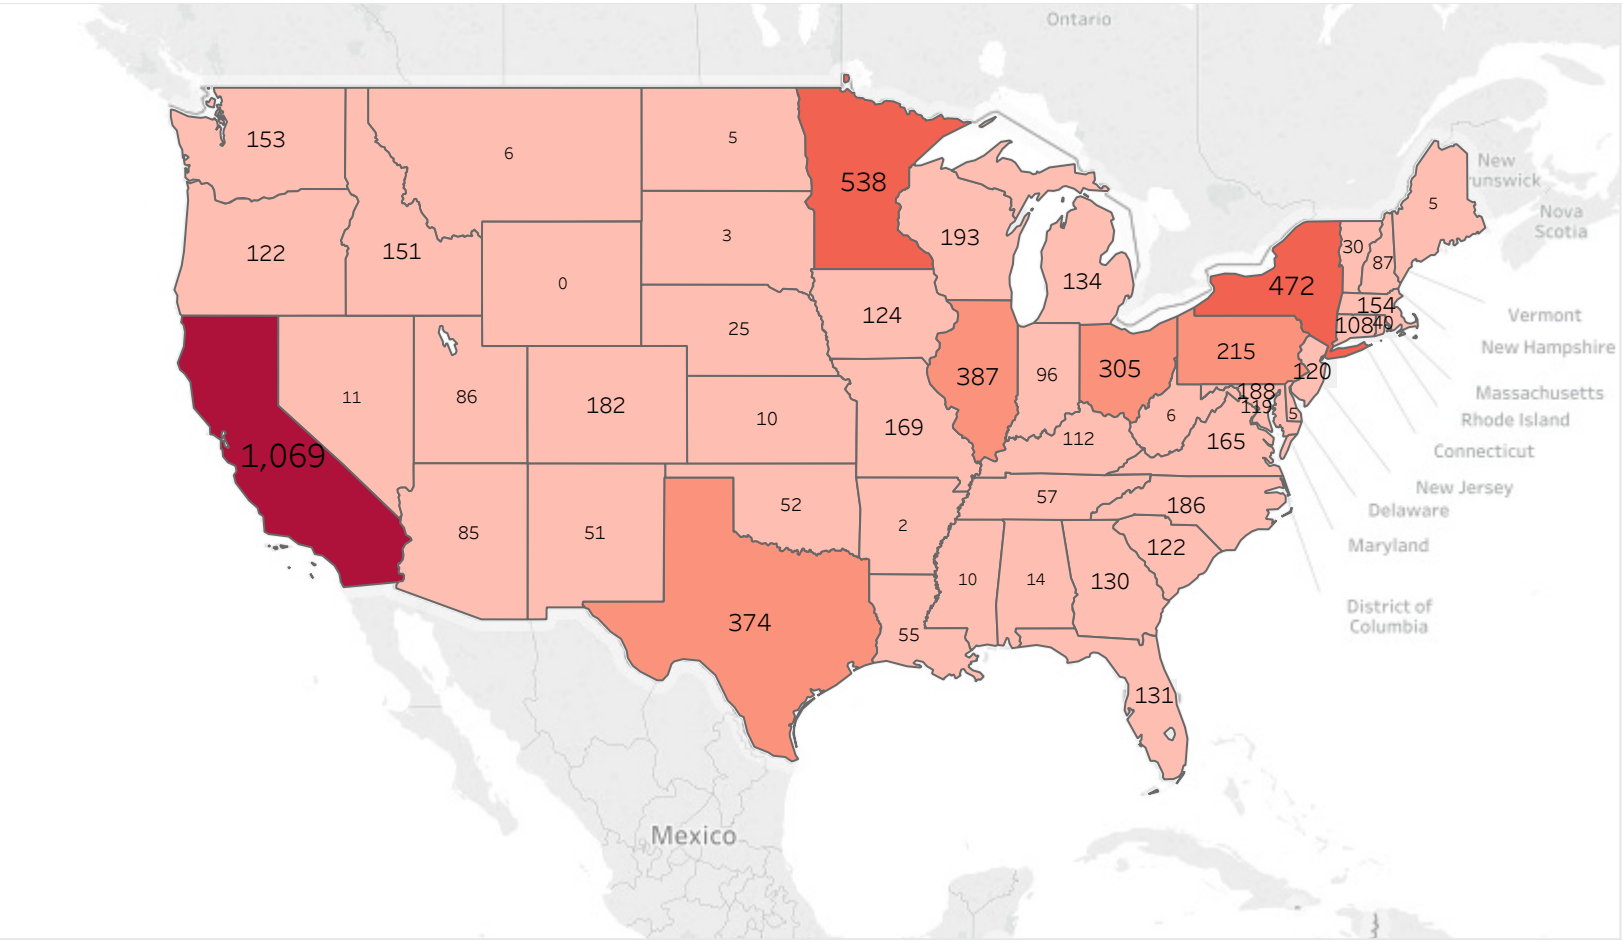

Map based on Longitude (generated) and Latitude (generated). Color shows count of Action. Size shows count of Action. Details are shown for State.

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Adventure. Size shows count of Adventure. Details are shown for State.

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Animation. Details are shown for State.

Count of Children's

Abc 21

Abc 5,000

Abc 10,000

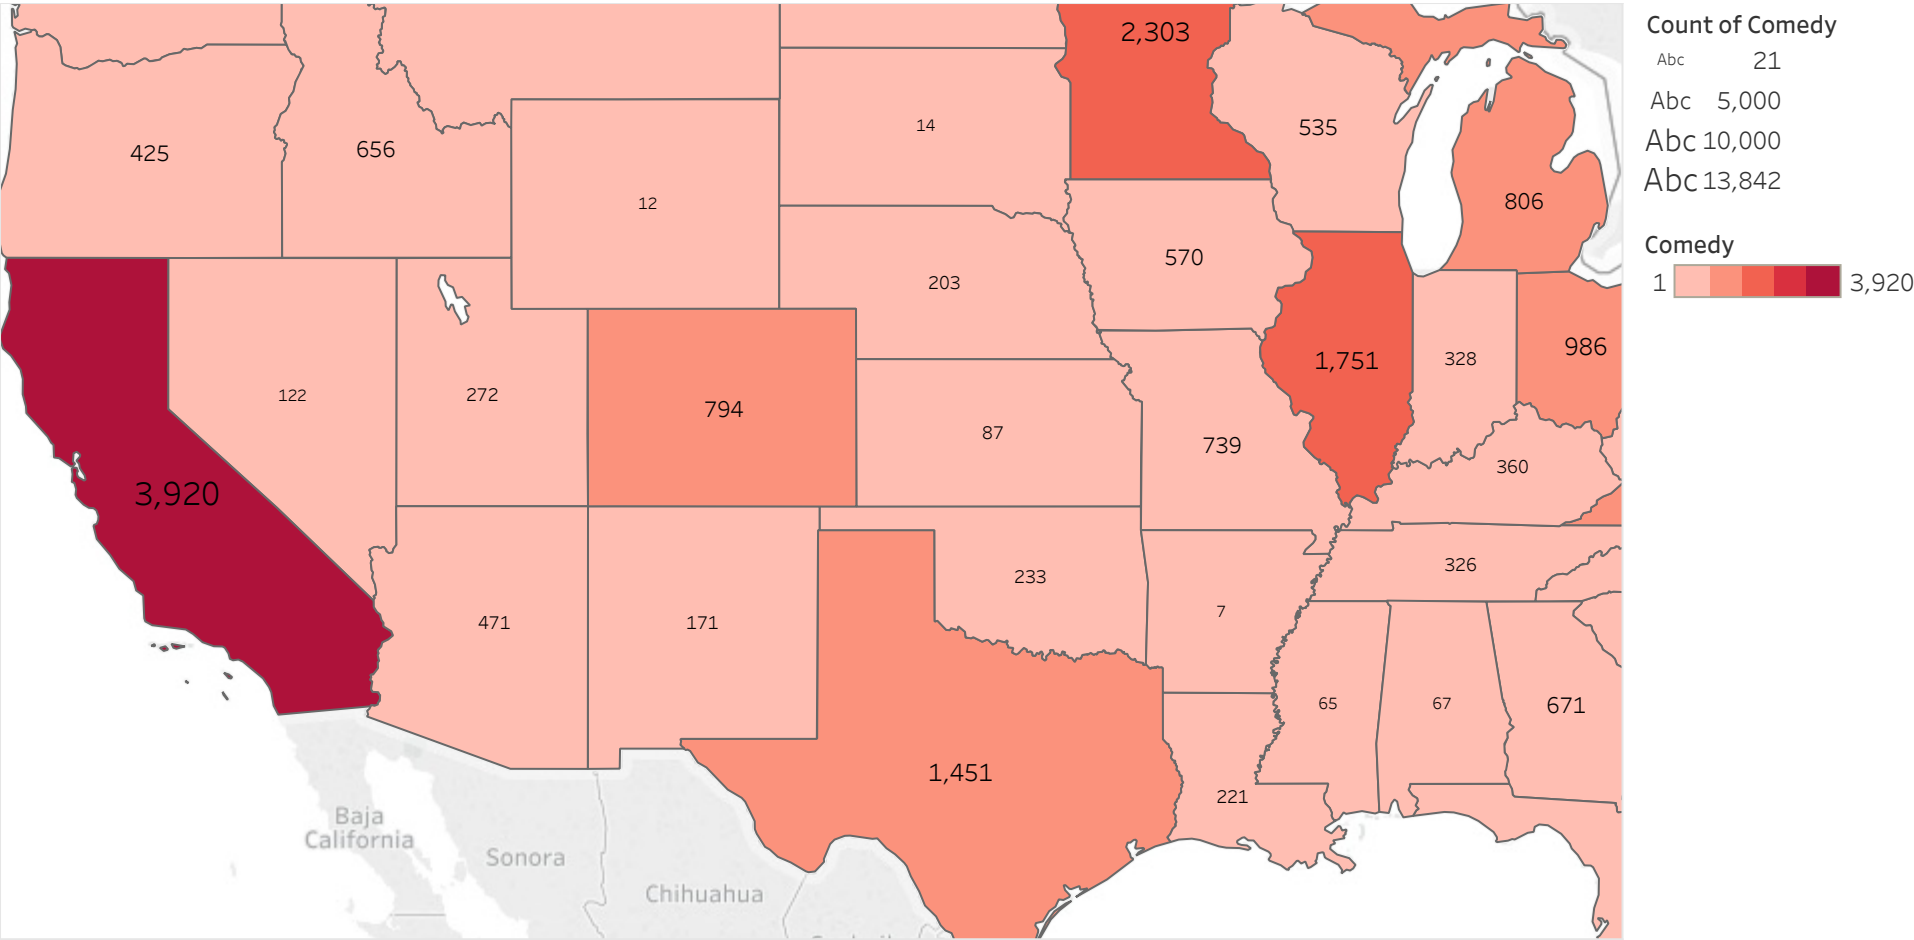

Abc 13,842

Children's

0 1,069

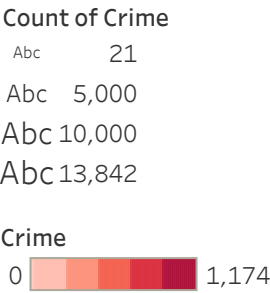

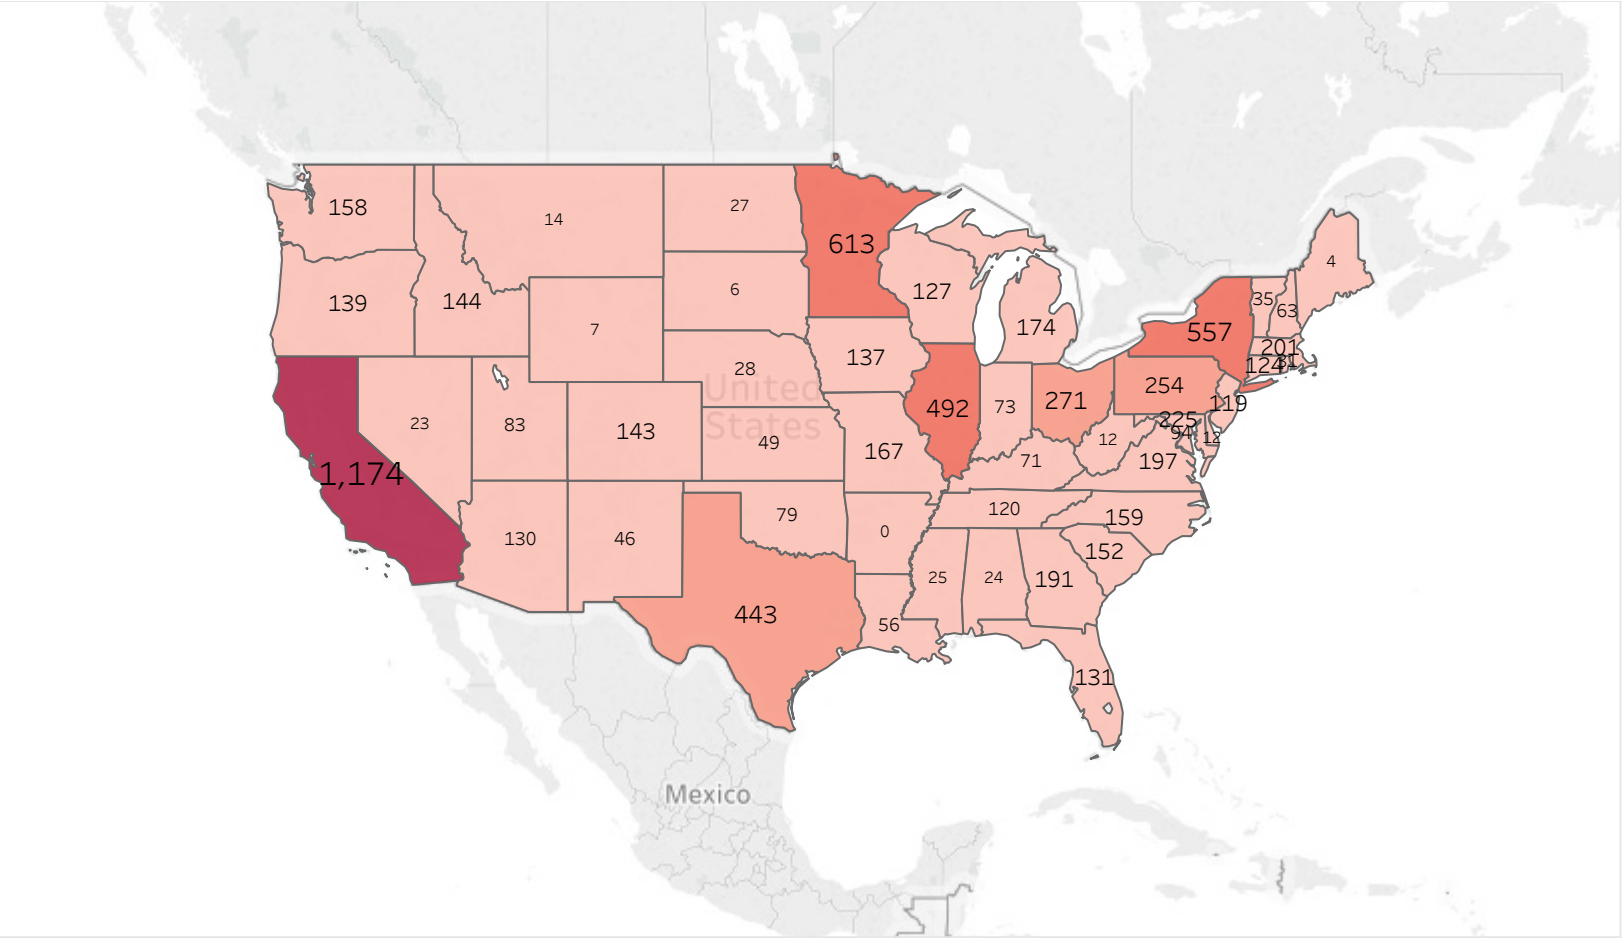

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Children's. Size shows count of Children's. Details are shown for State.

Sheet 5

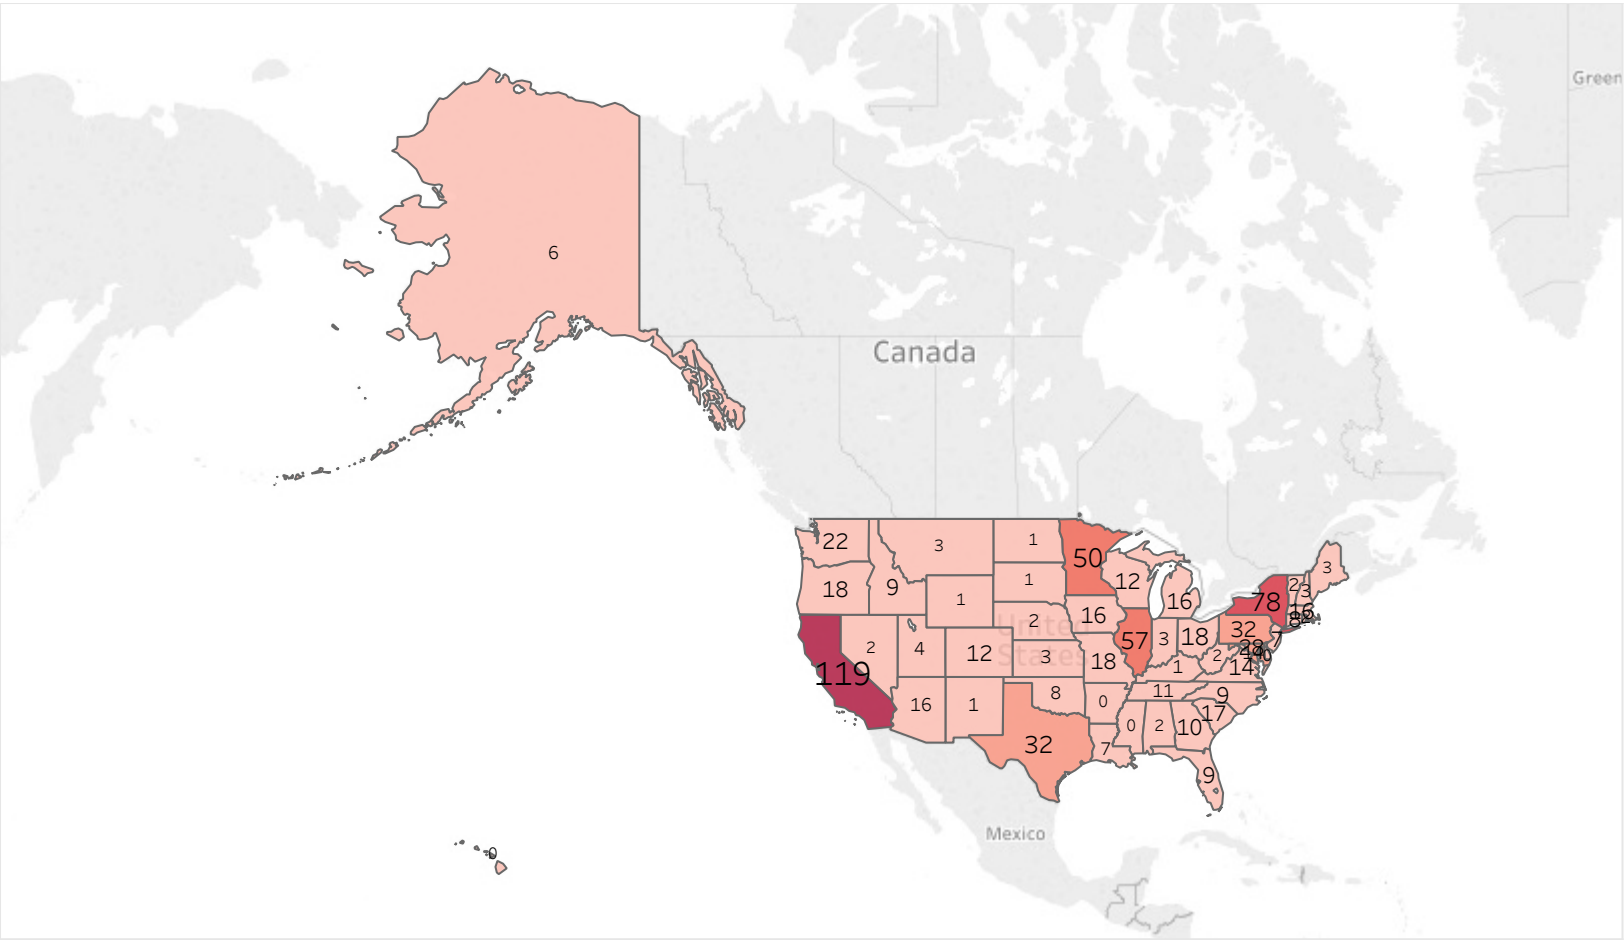

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Comedy. Size shows count of Comedy. Details are shown for State.

Sheet 6

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Crime. Size shows count of Crime. Details are shown for State.

Count of Documentary

Abc 21

Abc 5,000

Abc 10,000

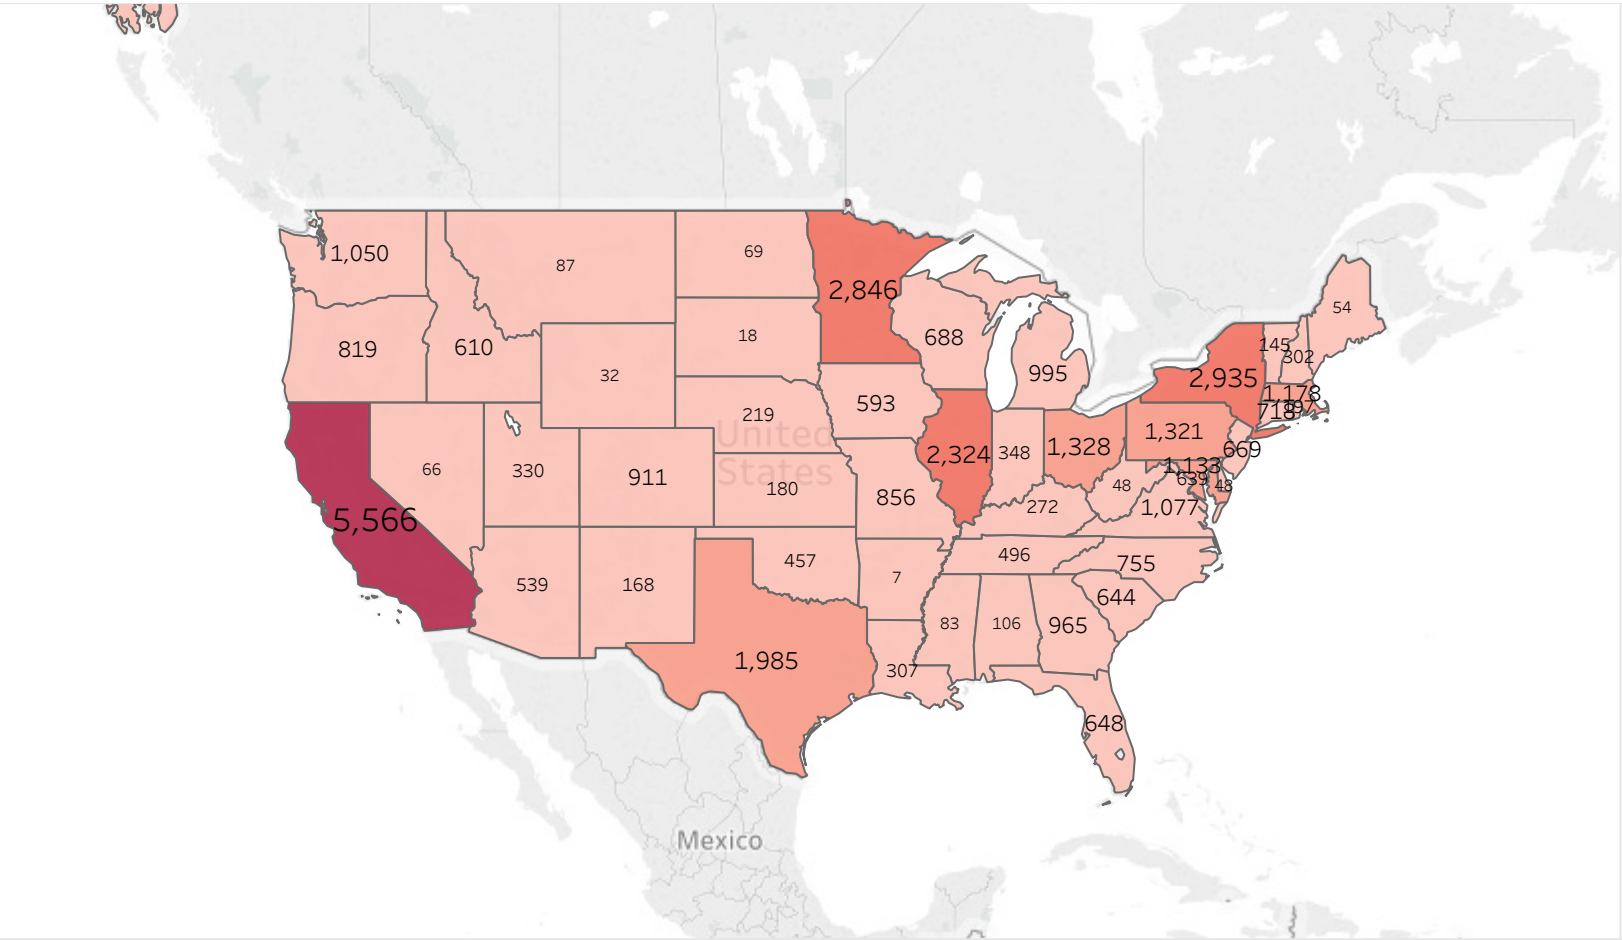

Abc 13,842

Documentary

0 119

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Documentary. Size shows count of Documentary. Details are shown for State.

Sheet 8

Count of Drama

Abc 21

Abc 5,000

Abc 10,000

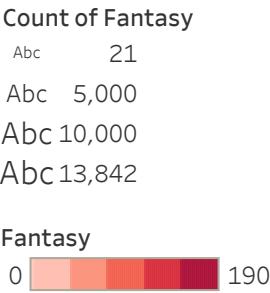

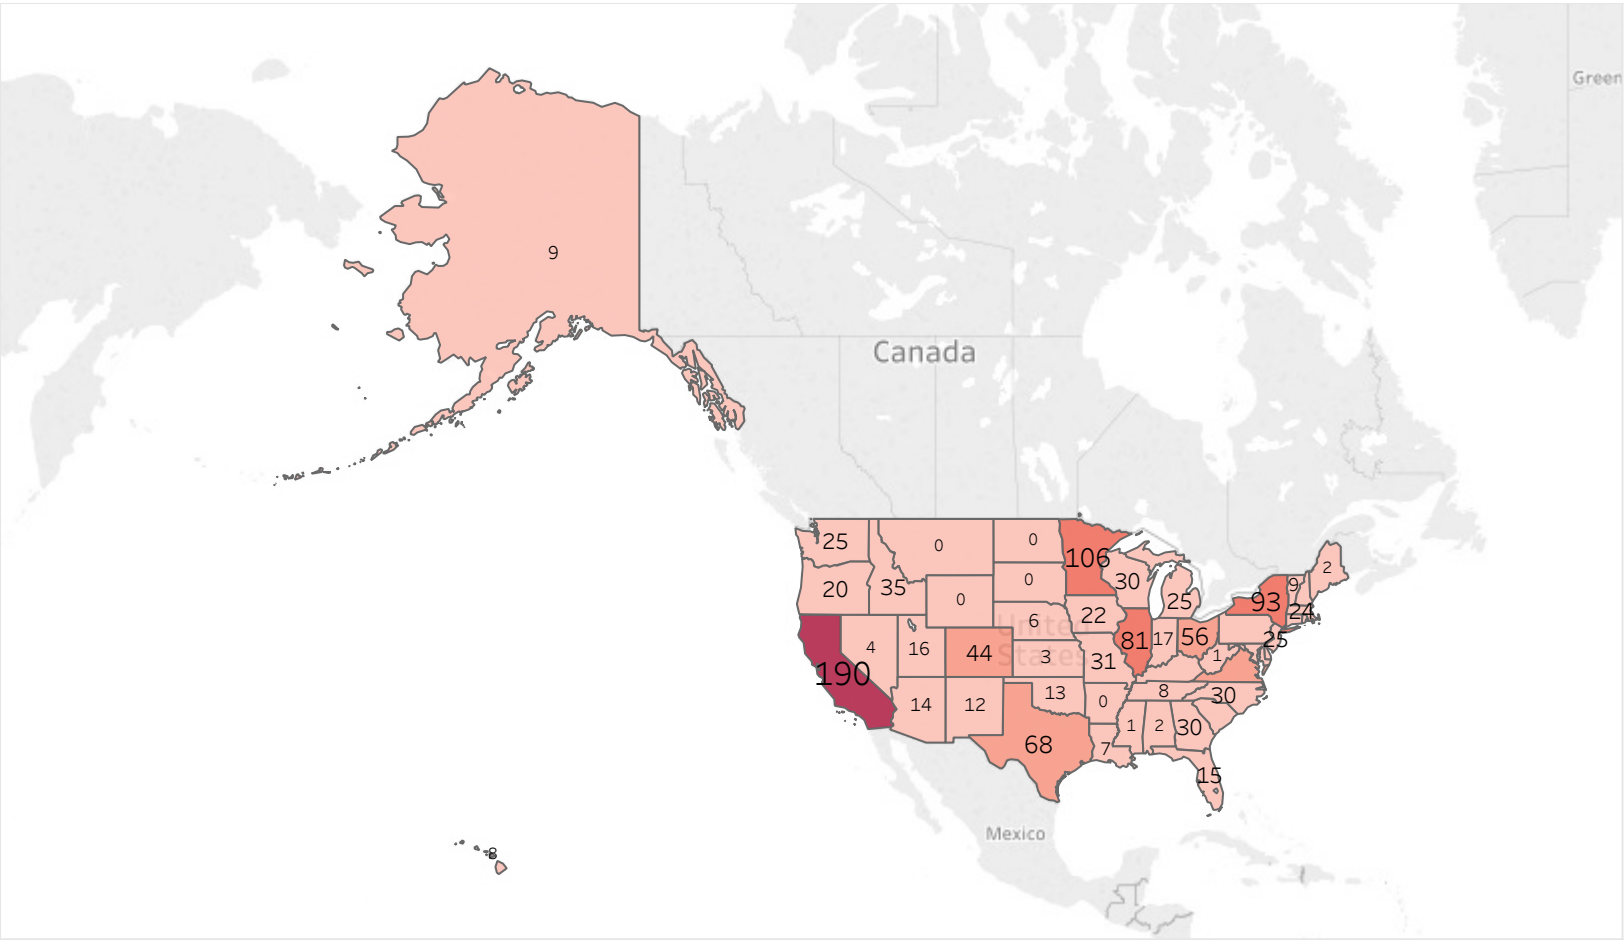

Abc 13,842

Drama

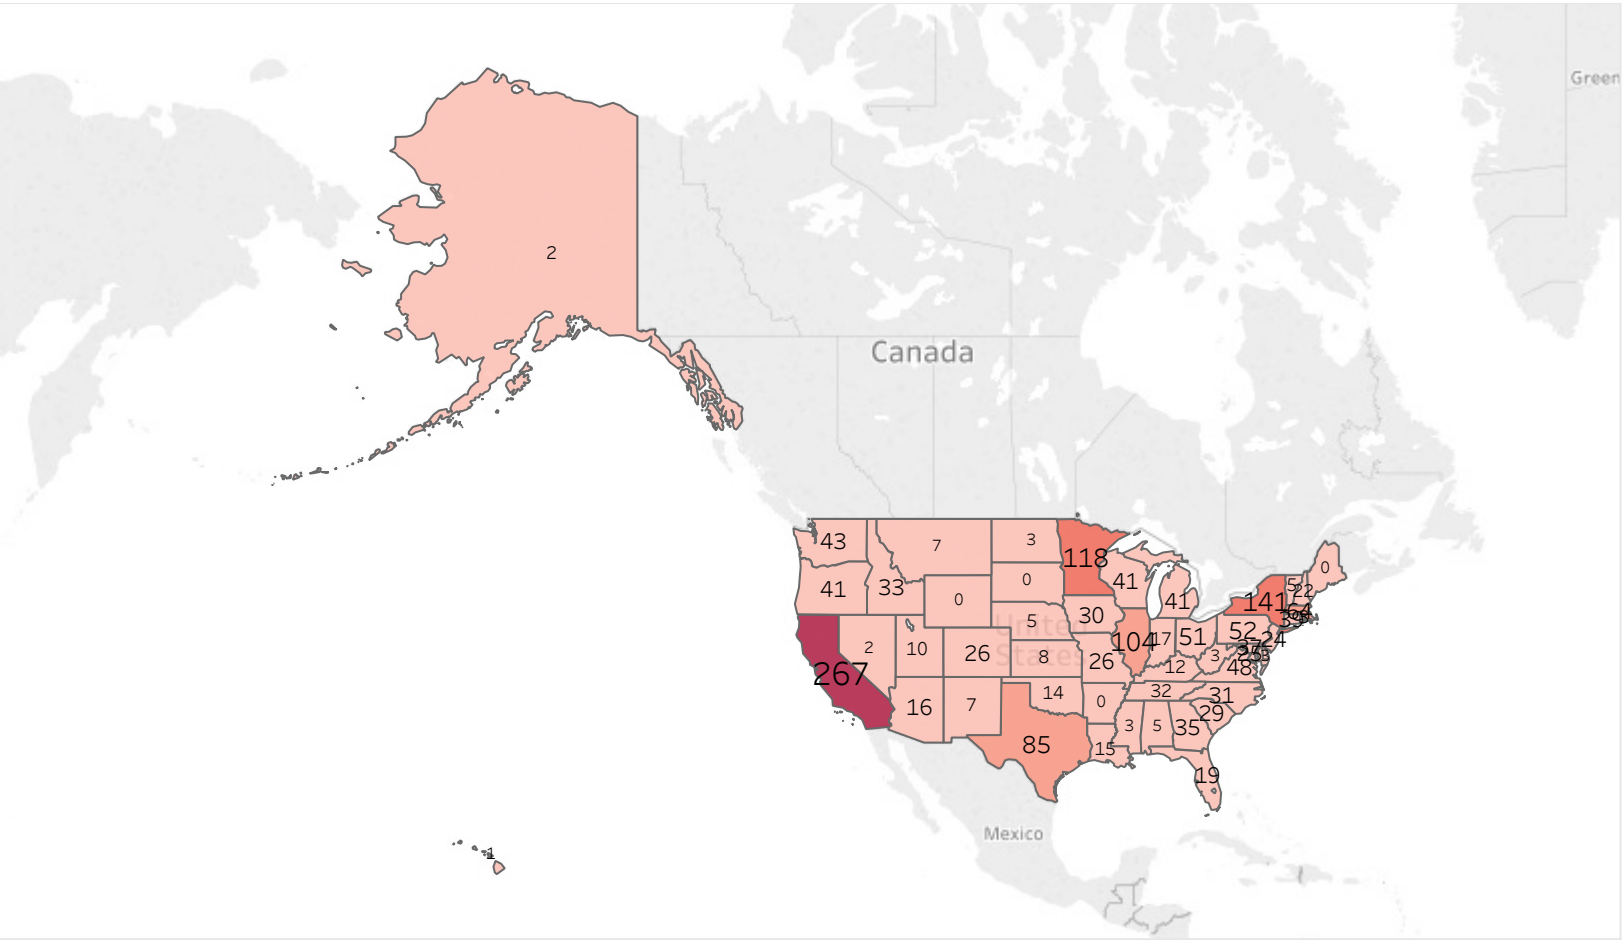

7 5,566

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Drama. Size shows count of Drama. Details are shown for State.

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Fantasy. Size shows count of Fantasy. Details are shown for State.

Count of Film-Noir

Abc 21

Abc 5,000

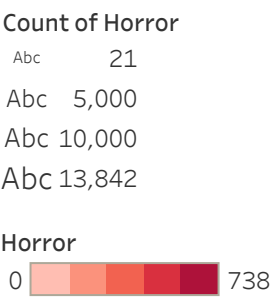

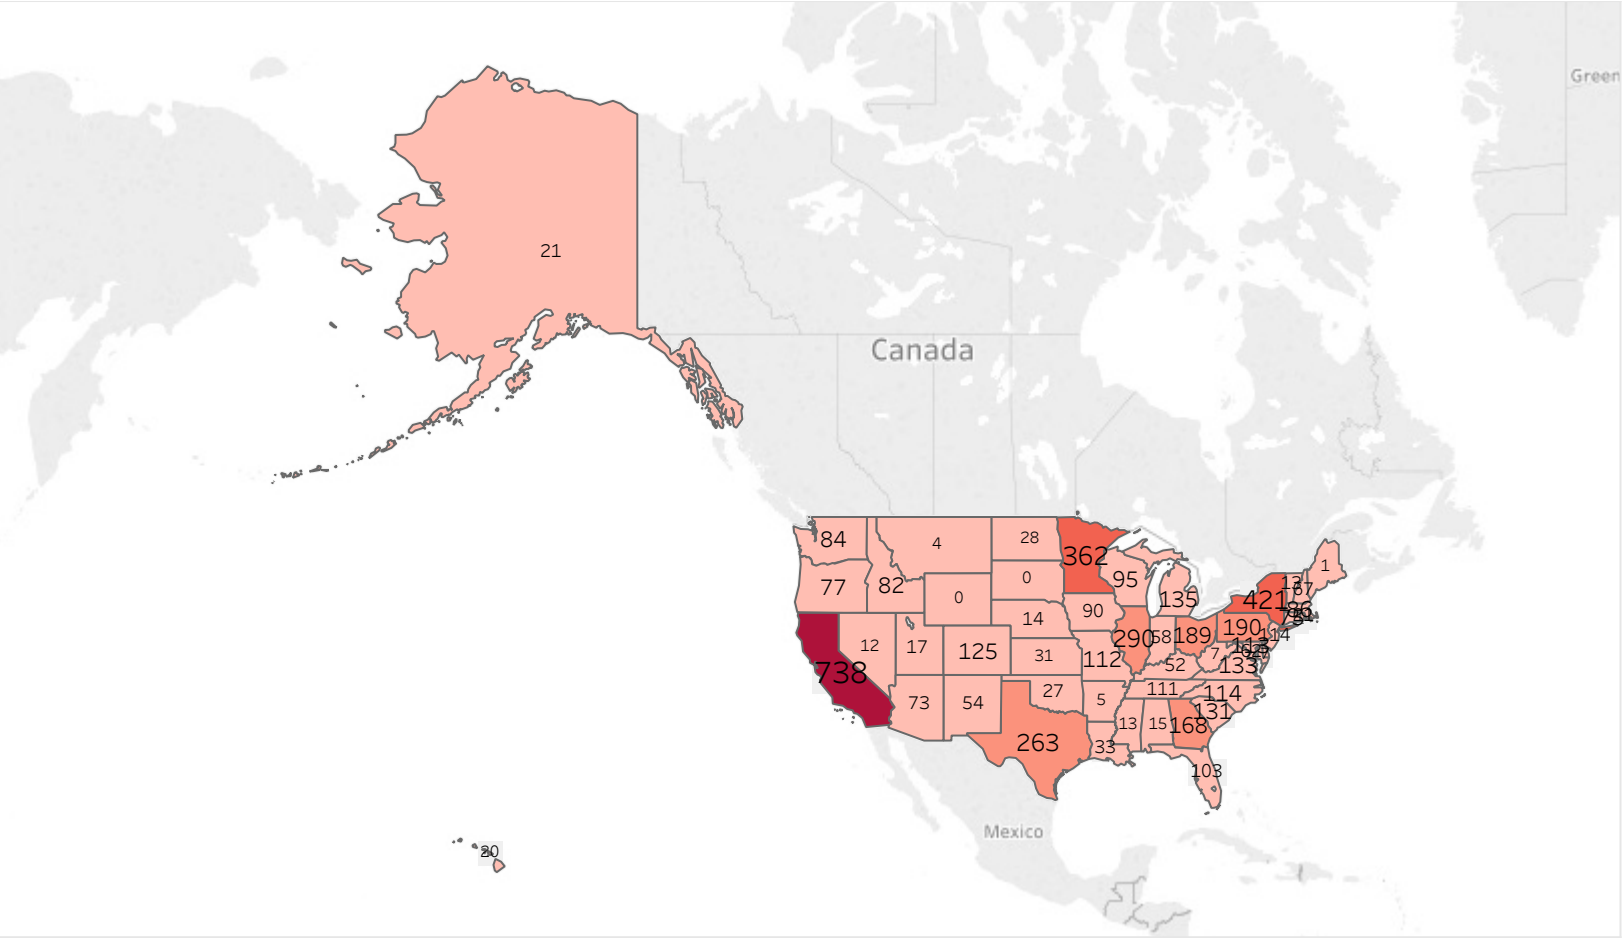

Abc 10,000

Abc 13,842

Film-Noir

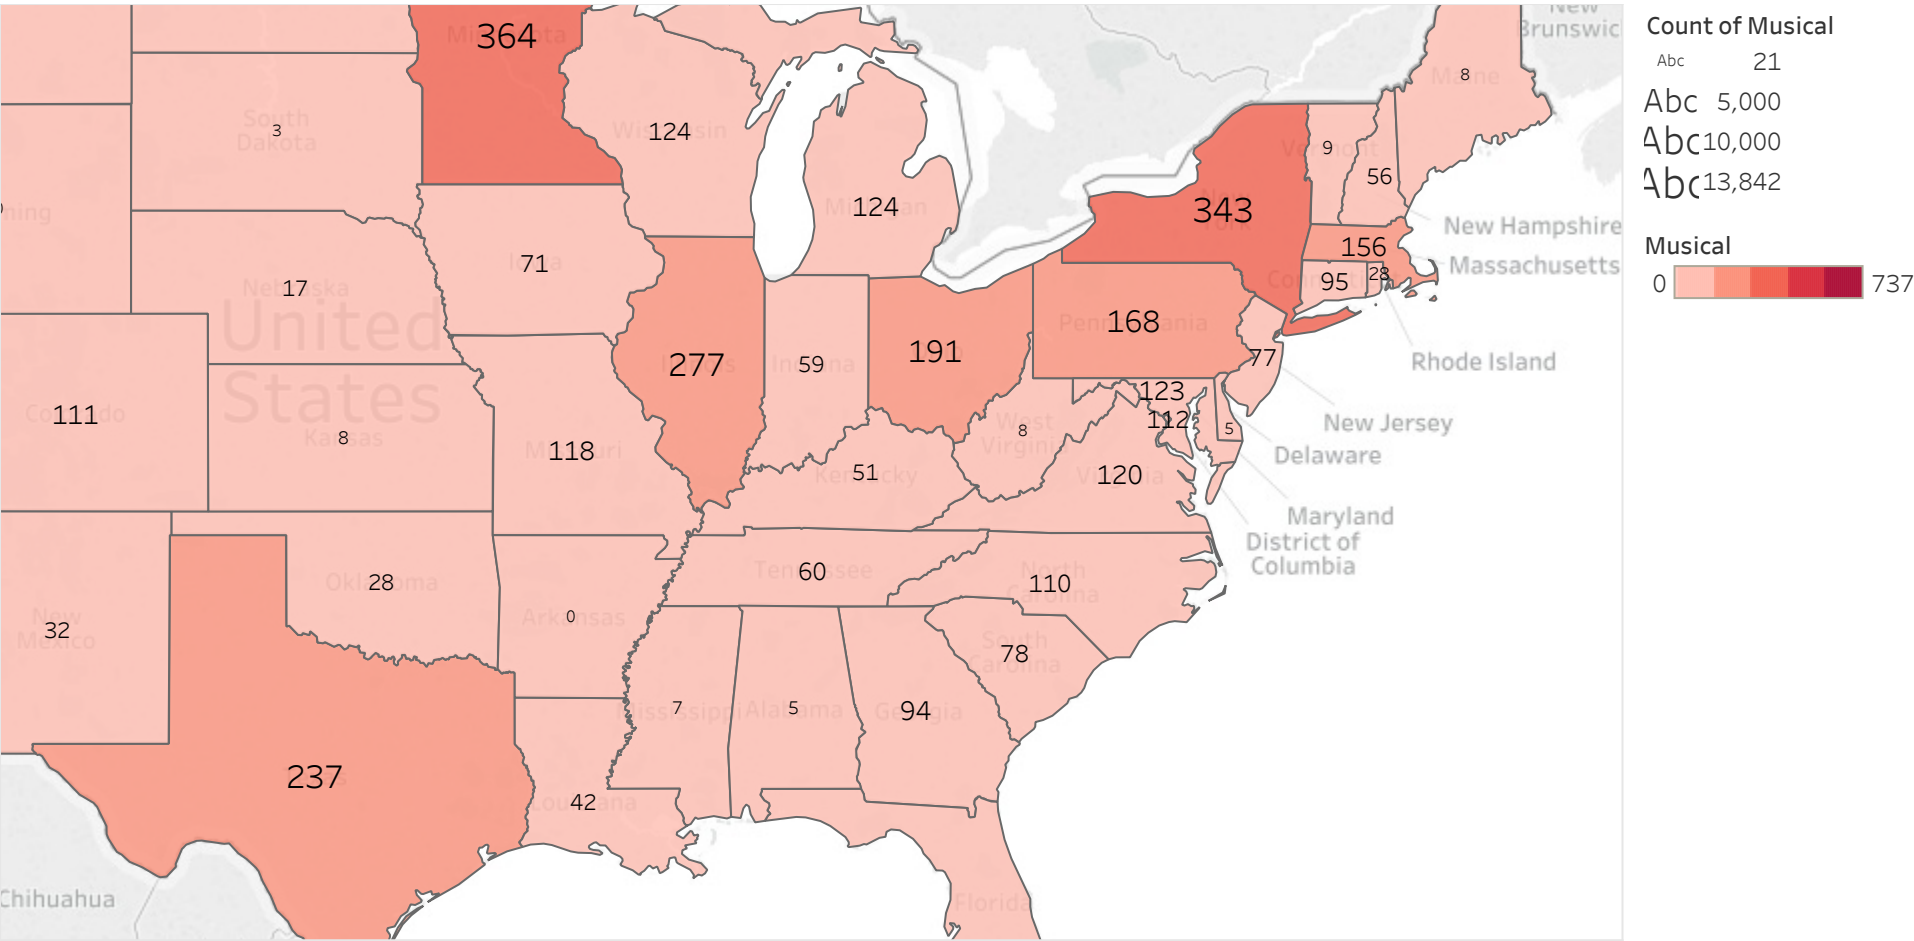

0 267

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Film-Noir. Size shows count of Film-Noir. Details are shown for State.

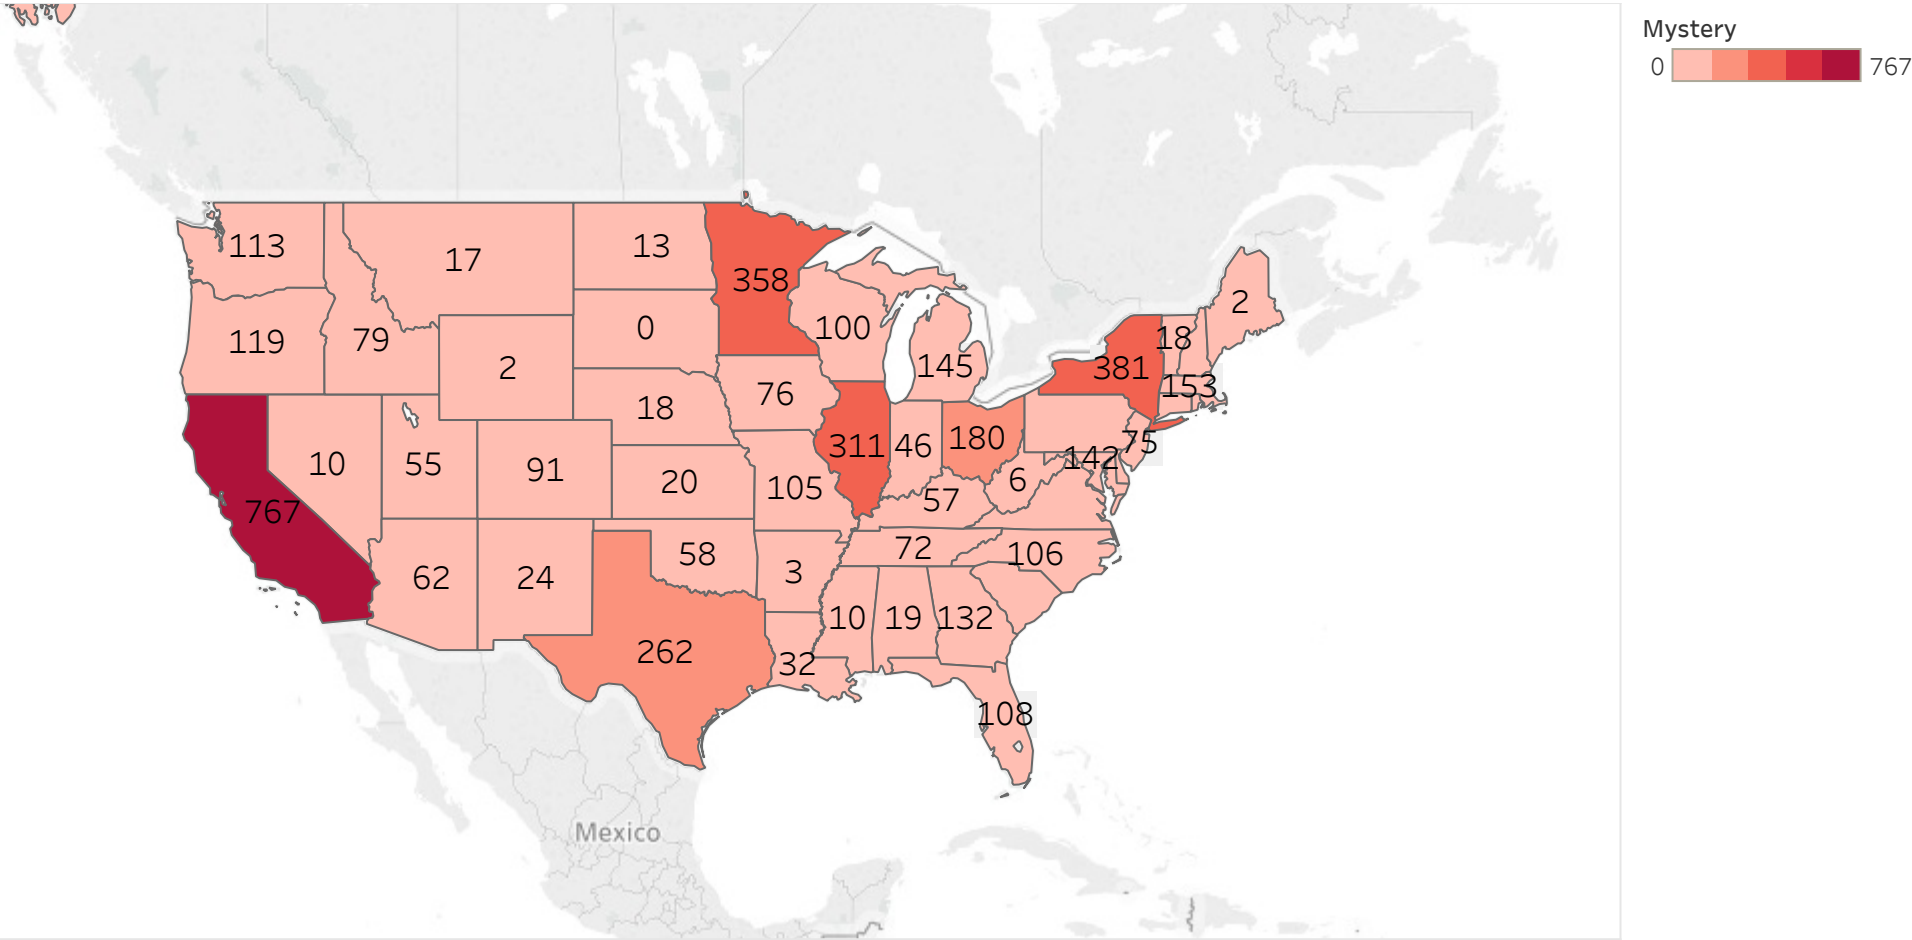

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Horror. Size shows count of Horror. Details are shown for State.

Sheet 12

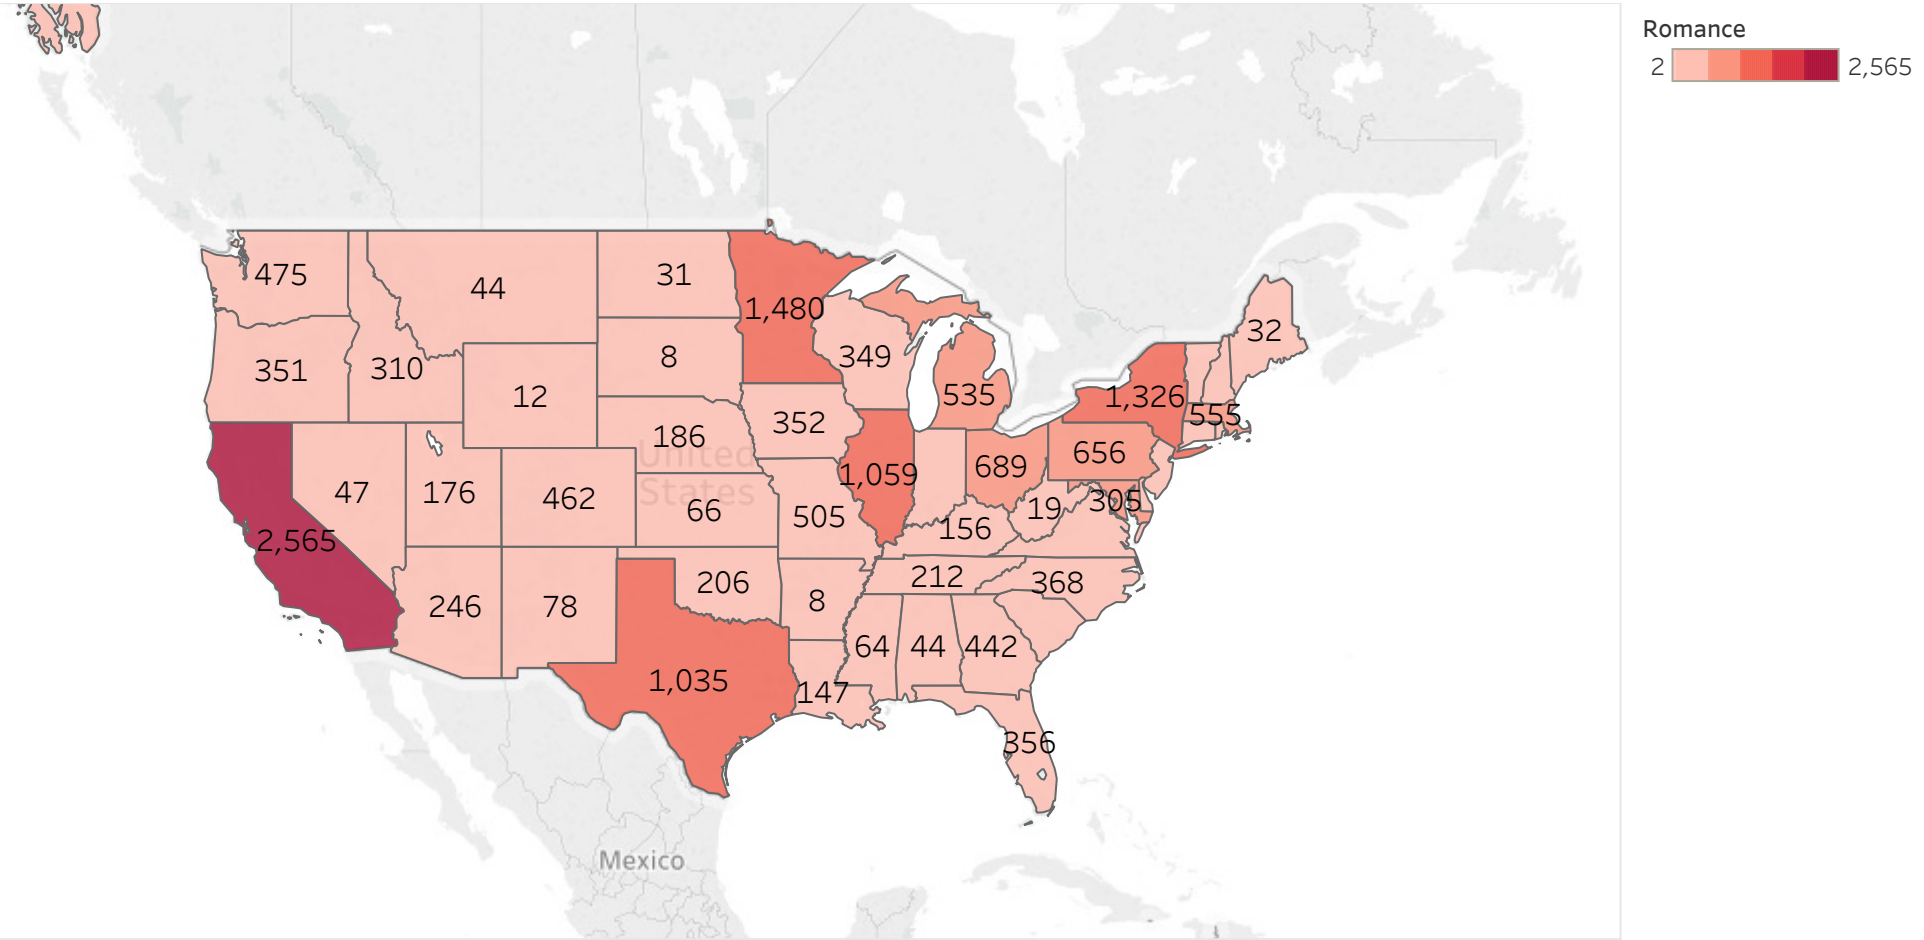

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Musical. Size shows count of Musical. Details are shown for State.

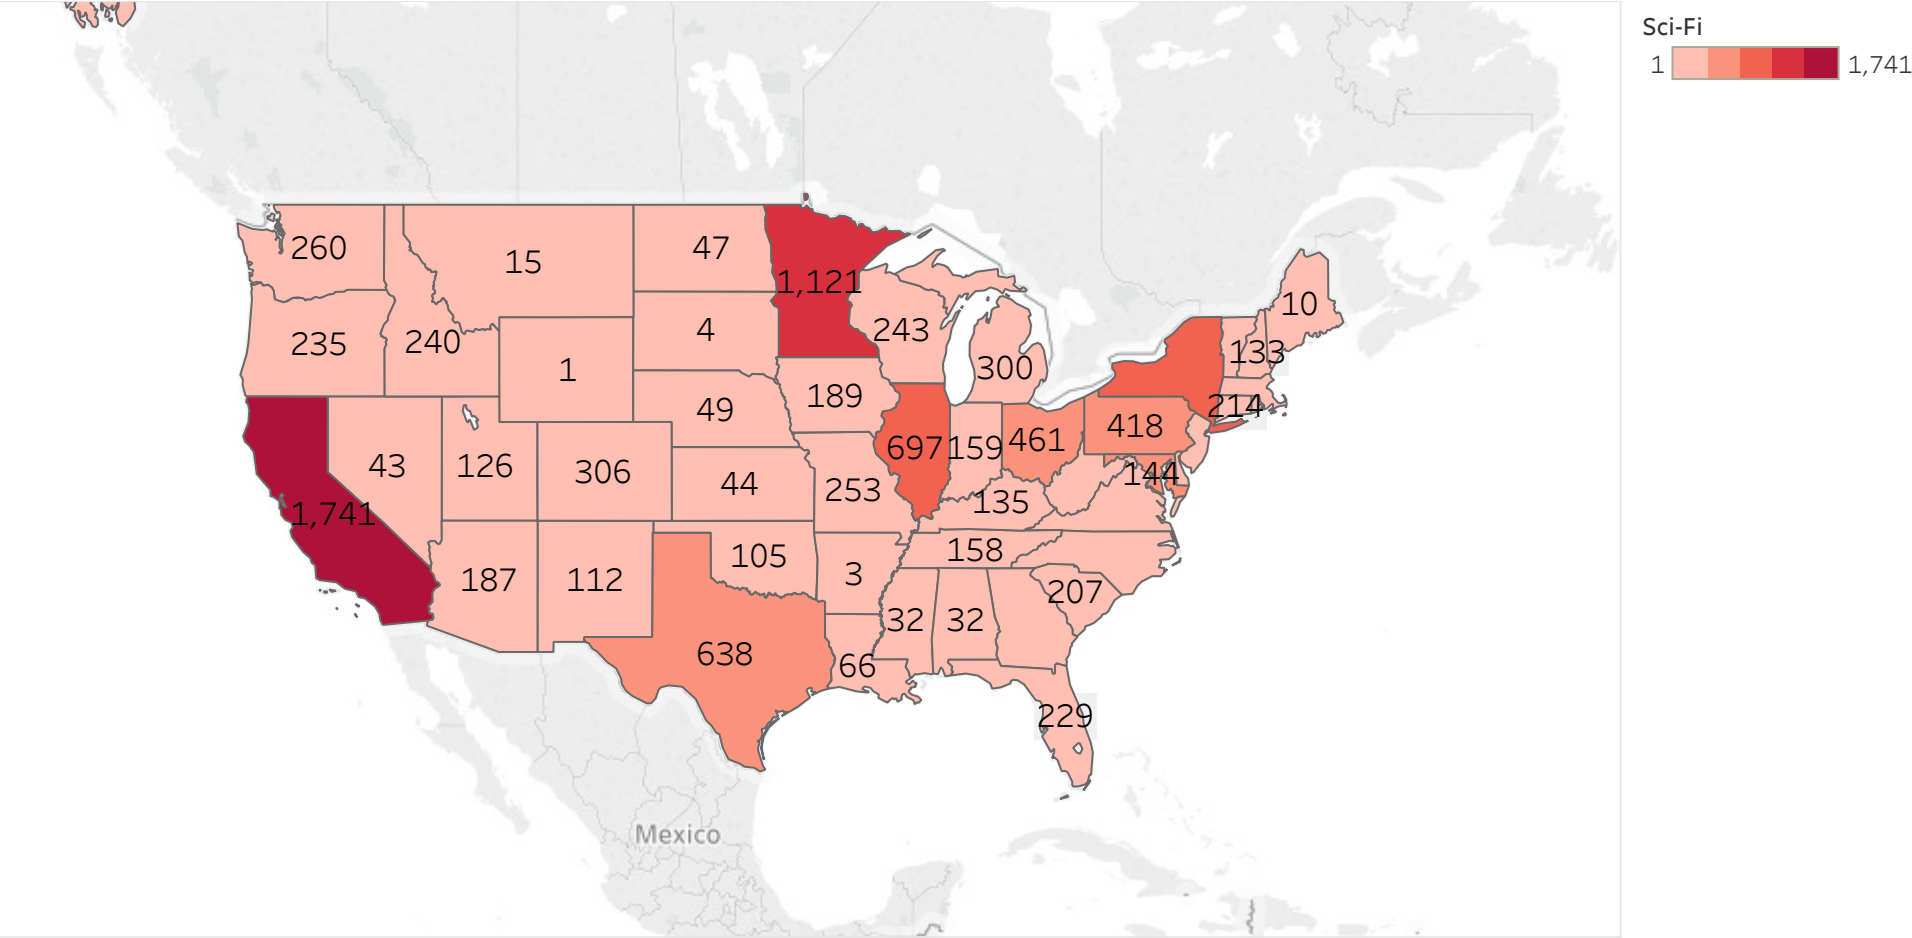

Sheet 13

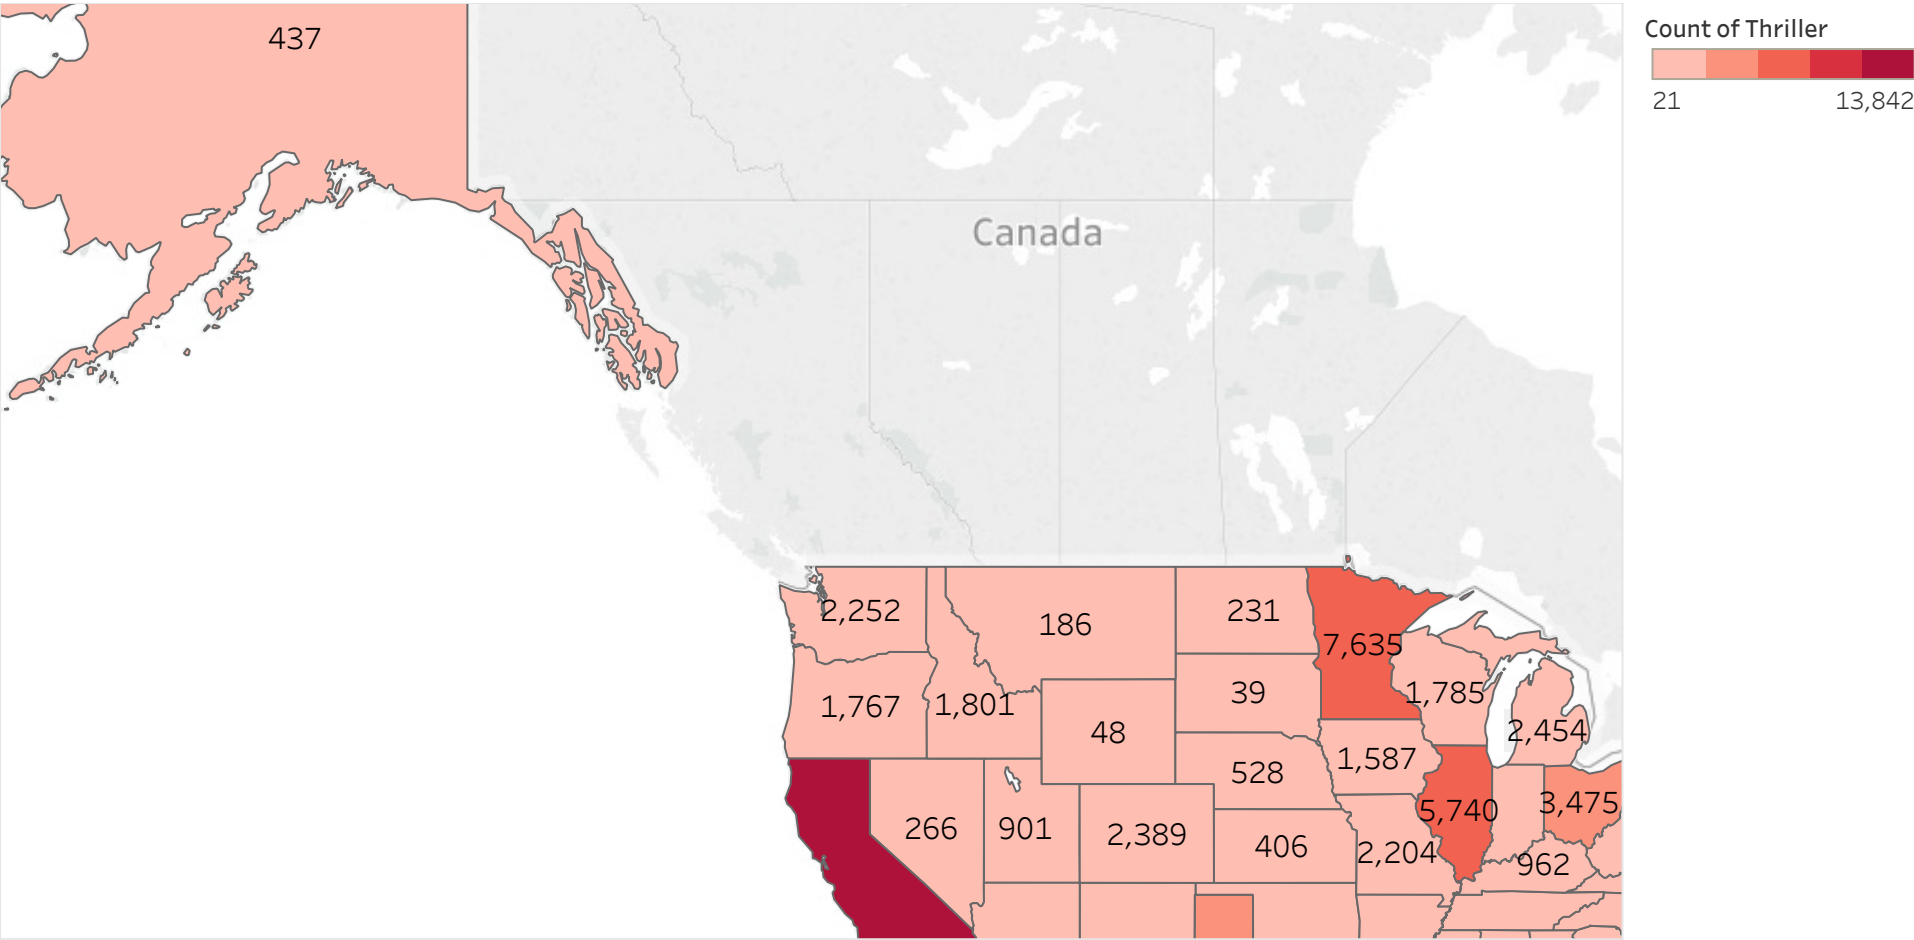

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Mystery. Details are shown for State.

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Romance. Details are shown for State.

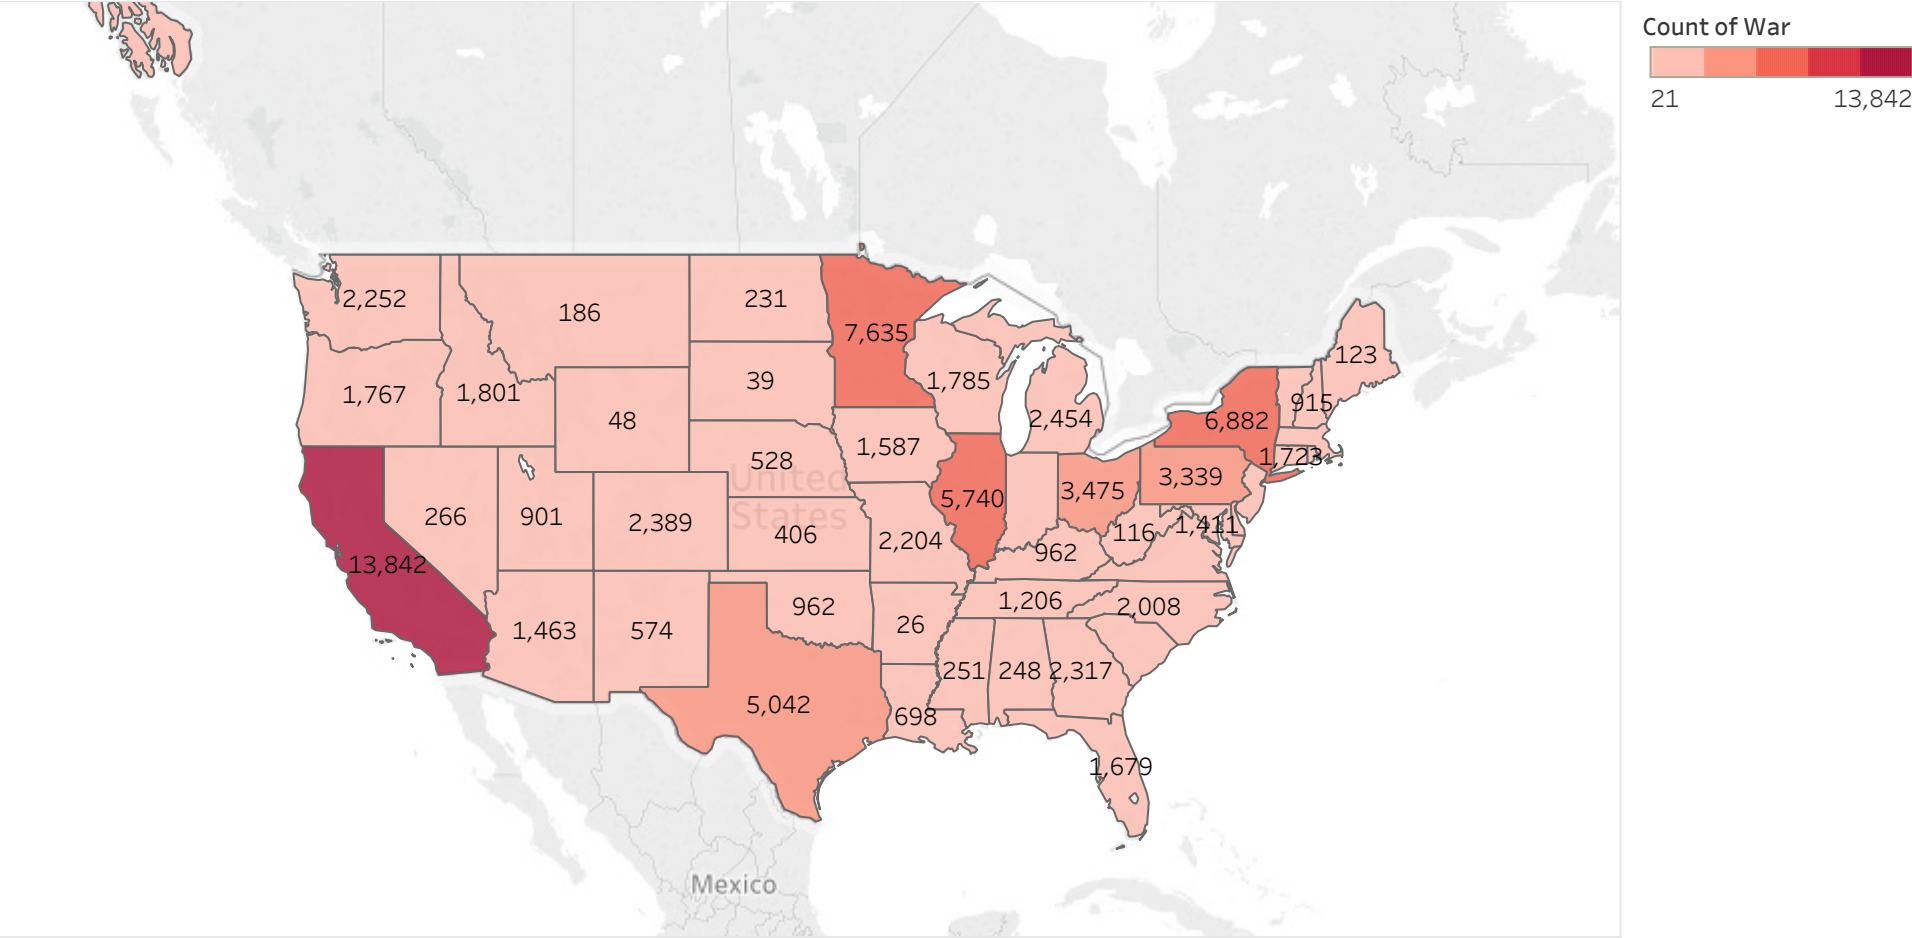

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Sci-Fi. Details are shown for State.

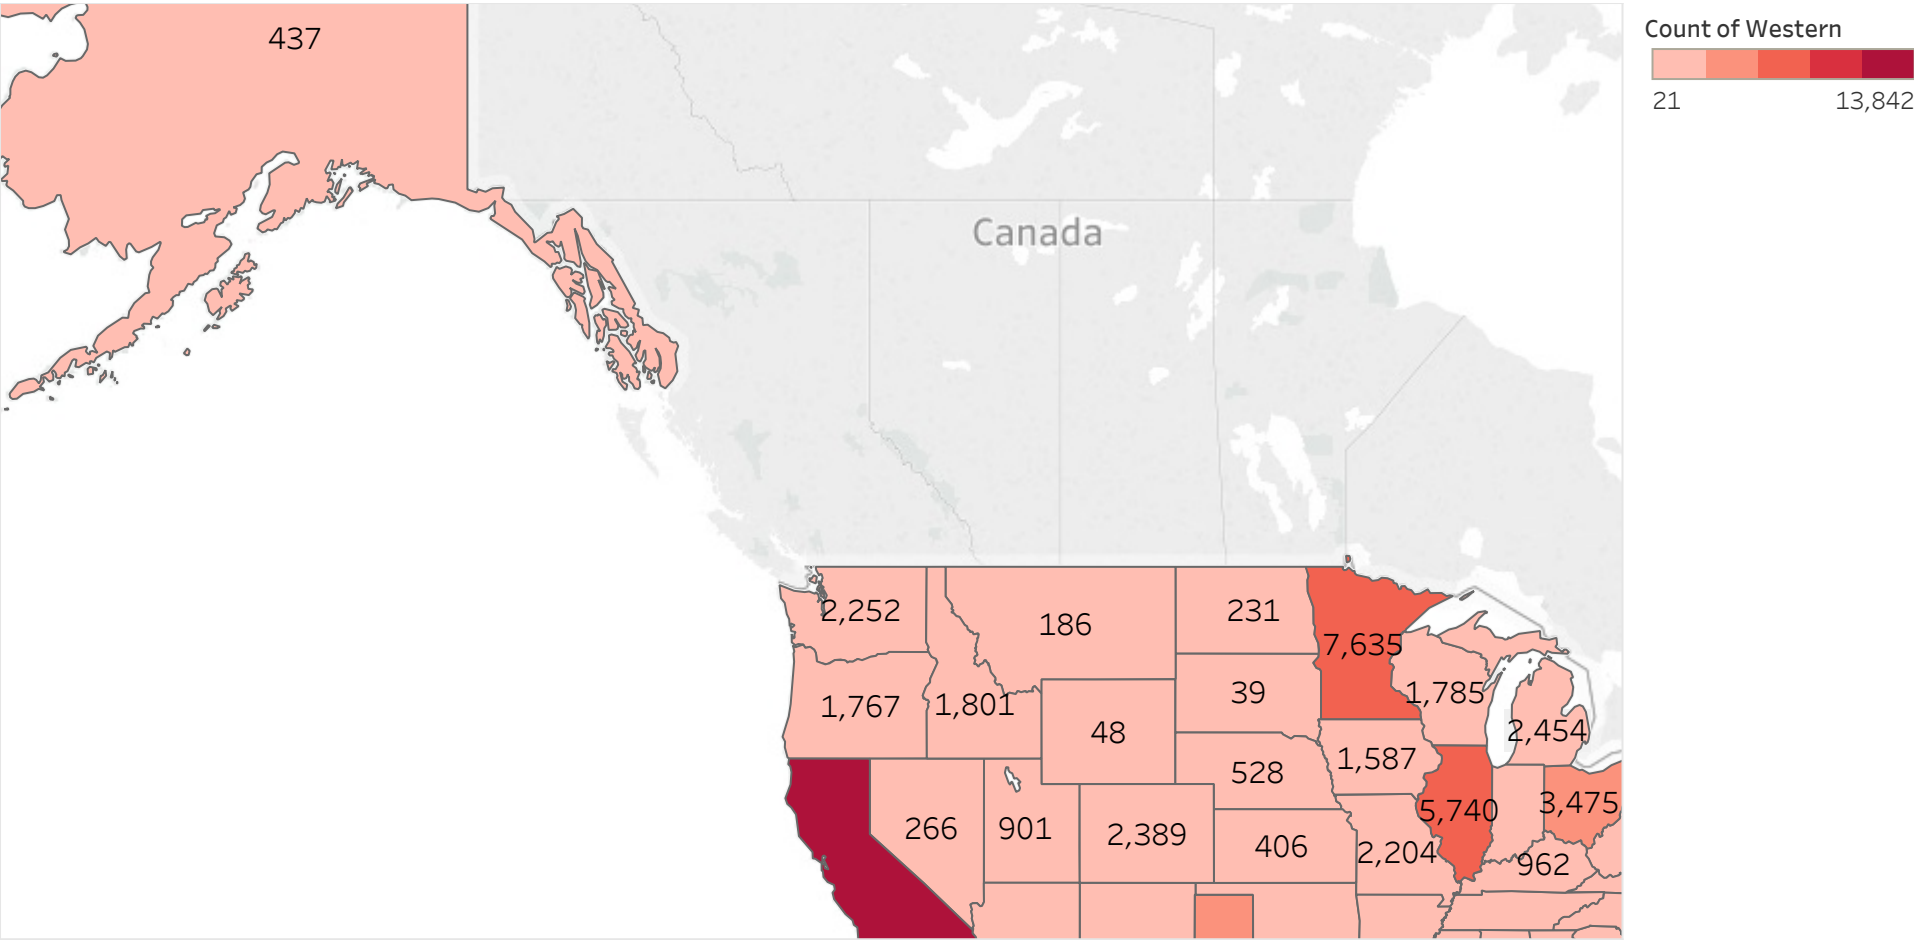

Map based on Longitude (generated) and Latitude (generated). Color shows count of Thriller. Details are shown for State.

Map based on Longitude (generated) and Latitude (generated). Color shows count of War. Details are shown for State.

Map based on Longitude (generated) and Latitude (generated). Color shows count of Western. Details are shown for State.
